World-class competence on ropes

Teknova is proud to present some of the world's most regarded ropes experts in a specialist seminar in Grimstad, Norway. For three days, we aim to bring forward the technical, safety and regulation aspects of steel and fiber ropes.

The seminar will be punctuated by technical talks and case studies. The targeted audience includes engineers, crane designers, chief scientists, researchers, rope users and manufacturers. The communication level at the workshop will be technical but adapted to non-specialists.

Speakers

Rudolf Kirth

Richard Chaplin

Paul Smeets

Hans-Erik Berge

Stephan Pernot
