THE FUTURE OF ENERGY A NEW MIX

SPEAKERS

Elisabeth Sæther
State Secretary
Norwegian Ministry of Petroleum
and Energy

Elisabeth Sæther was appointed State Secretary in the Norwegian Ministry of Petroleum and Energy on 7th March 2022.

Ms. Sæther worked as a political advisor for the Norwegian Labor Party's parliamentary group from February 2022, before being appointed State Secretary. Prior to this, she worked for the Norwegian Agrarian Association as an advisor for more than six years.

Ms. Sæther has also worked for Statnett, the non-profit industry organization Energy Norway, the Norwegian Society for the Conservation of Nature and the Bellona Foundation.

Elisabeth Sæther has an MSc in Political Science from the University of Oslo.

Liv Monica Stubholt
Lawyer and Energy
Partner Law firm Selmer

Liv Monica Stubholt has over 20 years of experience as a business lawyer specializing in the energy sector and energy transition. She heads Selmer's ESG team.

She serves as non-executive Chairman of Morrow Batteries, Hafslund Oslo Celsio and Cadre AS, and as board member of Vår Energi, EnQuest in the UK and VNG AG in Germany.

Stubholt is strongly engaged in developing her home region of Agder, and particularly active within business development, policy and change management related to decarbonization. She is an international board member of World Ocean Council (SDG 14).

Stubholt has held government positions in the Ministry of Foreign Affairs and Ministry of Petroleum and Energy, and she served on the Norwegian Government's Energy Commission that submitted its report 1 February 2023.

Jarand Rystad
CEO
Rystad Energy

Jarand Rystad founded Rystad Energy in 2004 and has, since its inception, managed the company. Jarand has extensive experience in oil and gas and energy strategy advisory work from his long tenure with both McKinsey & Company and Rystad Energy. His areas of expertise include energy and E&P strategy, energy scenarios and all aspect of the Energy Transition, renewables, asset and company transactions, macro analysis, and oil service industry analysis. According to the Financial Times, Jarand is "one of the most cited petroleum analysts in the industry" and is a frequent keynote speaker at numerous international conferences focusing on all aspect of energy and the Energy Transition.

Jarand holds a M.Sc. degree in Physics from the Norwegian University of Science and Technology, where he majored with a thesis on asteroseismology. He also has an academic background in philosophy and has been the leader and founder of various organizations.
